Dear Donor,

Infertility affects one in eight couples. Hope Against Infertility, Inc. is a charitable organization whose purpose is to not only raise awareness about the struggles that couples endure with infertility, but to also provide financial support to couples struggling to afford infertility procedures, such as IUI and IVF, as well as infertility medications.

Having both struggled with infertility ourselves, we know the emotional and financial hardships that come with the territory. To help alleviate these hardships on other couples who long to start a family, we created Hope Against Infertility, a tax exempt 501(c)(3) charitable organization.

Funds raised within our organization will be used to raise awareness about the topic of infertility and to help fund procedures and medications for couples in Wisconsin who struggle with infertility. Funds will be raised through various events throughout the year, to which our donors will be graciously recognized. Your donation will be used to not only make our fundraising events a success, but will also be directly tied to any donation our benefitting couples receive in their journey.

All donations for this 501(c)(3) charitable organization are tax-deductible by the donor. Donations can be made on our website: [www.HopeAgainstInfertility.com](http://www.HopeAgainstInfertility.com) or thru mail using the form included with this letter. We have also included sponsorship opportunities for our various events.
